

January 2023

Dear Parents / Carers,

We would like to Congratulate Year 11 for their mature conduct and behaviour during the mock exam period before Christmas. We look forward to sharing the mock results, strengths and areas for development with you at the virtual parents evening on Thursday 19th January (details to follow).

This term the focus for students' and teachers will be the last push towards the final examination period in the Summer. From feedback lessons, students will know what to focus on and what they need to do to secure further progress. With good attendance in lessons and at commitment sessions, coupled with revision at home, we look forward to seeing students' knowledge, confidence and skills develop in the lead to the examination period.

Commitment sessions will continue to run on a Tuesday, Wednesday, and Thursday until 3.30pm. These are vital sessions where teachers will continue to deliver key learning, revision and will support individuals who need targeted intervention. Please make arrangements so your child can attend these essential sessions.

We would also like to thank you as parents and carers for your continued support with attendance as results demonstrate when students attend College and are in lesson every day, they achieve success.

Best wishes,

L. Raistrick
