

September 2026

Dear Parent/Carer

AMSP Higher Level Maths Achievement Programme Study Day

I am writing to inform you of an intended visit to the **University of Leeds** on **12th October 2026**.

This study day is specifically designed to prepare students for the demands of the more challenging GCSE mathematics content. It aims to:

- Strengthen problem-solving skills and deepen conceptual understanding
- Build confidence in tackling higher-tier topics
- Help students secure the highest grades (7-9) at GCSE

Through interactive sessions and collaborative activities, students will gain strategies and insights that will support their success in mathematics and future study.

There is no cost for your child to attend this visit. Please give consent for your child to attend via the Arbor App.

Arrangements for the Visit

Students will depart college at **8.50am** and are due to return to college at **3.30pm** on **12th October 2026**. All students must wear normal school uniform and bring waterproof coat in case of poor weather.

Students will need to bring a packed lunch. The venue has asked if students can please avoid bringing products with nuts in. Students receiving Free School Meals will be catered for, please advise the trip leader if you wish to take up this offer.

Your child's behaviour and attendance will be monitored in the months and weeks until the visit. If there is a serious breach or persistent breaches of the Behaviour Policy and/or your child's attendance declines, their place on the visit will be at risk. The safety and wellbeing of the staff and students on the visit is our first priority.

You should make arrangements for the collection of your child from college or give them permission to walk home at this time.

Yours sincerely

H Marsh
