Section 1

General Principles

Scope of Policy

1. General

1.1 Introduction

The Governing Body recognises the importance of developing a staffing structure and pay policy which promotes the achievement of the objectives contained in the College Strategic Plan.

Staff of the College are the key to effective implementation of the College Strategic Plan and to the provision of a high quality educational experience for the students. An effective Whole College Pay Policy is an important means of ensuring that the collective and individual contributions of staff to the College's continuing success are recognised, and that all staff are treated equitably.

This policy will operate in conjunction with the Appraisal Policy

This policy recognises that all teachers employed at the College are paid in accordance with the statutory provisions of the STPCD and all support staff in accordance with the NJC Grading Structure and Terms and Conditions of Employment as may be updated from time to time.

1.2 Staffing Structure

A copy of the Governing Body's agreed Staffing Structure is contained in Appendix 1. This is reviewed by the *Resources Committee* as part of the annual review of the Staff Pay Policy.

2. Roles & Responsibilities

2.1 The Exercise of Governors' Powers Relating to Pay

The Governing Body has overall responsibility for establishing the College's Pay Policy and for ensuring that it is followed. It considers and approves the overall pay structure for staff being cognisant of the STPCD and NJC Terms and Conditions effective at the time. The Governing Body Committees referred to in this document all have terms of reference as agreed at the October 2011 Full Governors' Meeting. This document is available on 'CIS@'.

The Governing Body delegates responsibility for drafting and reviewing the Pay Policy and the College's staffing structure to a *Resources Committee*.

When decisions about the pay of individual members of staff are being made, any committee members who are members of staff will withdraw from the meeting (except the Principal, when the decision does not relate to their salary).

The *Resources Committee* presents its recommendations to the full Governing Body for consideration and approval.

The Governing Body delegates responsibility for implementing the Pay Policy to the *Personnel and Pay Implementation Committee*.

The *Personnel and Pay Implementation Committee* will report its decisions to the next full Governing Body on a confidential basis.

In the case of determining the pay ranges for the Leadership Group and Leading Practitioners the *Personnel and Pay Implementation Committee* will recommend changes to the full Governing Body for approval.

The Governing Body delegates responsibility for considering appeals against decisions of the *Personnel and Pay Implementation Committee* to the *Personnel Appeals Committee*.

The *Personnel Appeals Committee* will report its decisions to the next meeting of the full Governing Body on a confidential basis. Decisions of the *Personnel Appeals Committee* are final.

The Governing Body delegates responsibility for carrying out the appraisal of the Principal to the *Appraisal Committee*.

The *Appraisal Committee* may not (by law) report its decisions to the full Governing Body but must report them to the Chair of Governors and, if requested by the *Personnel and Pay Implementation Committee*, to that Committee to assist them in determining the Principal's pay.

2.2 The Principal

The Principal advises the *Resources Committee* and the *Personnel and Pay Implementation Committee* in the exercise of their duties. This accords with both the Principal's statutory and contractual duties (see STPCD) and the School Governance Regulations.

2.3 Professional Partner

The Governing Body have appointed a Professional Partner to advise the Governing Body on agreeing the Principal's objectives and reviewing performance against those objectives from the previous academic year.

The work of the Professional Partner will include:

- ❑ reading all documents supplied and giving written advice to the Governors appointed to carry out the Principal's appraisal, and to the Principal about the areas on which the appraisal might focus;
- ❑ holding preview meetings with the Principal and the appointed Governors;
- ❑ attending the appraisal meeting and carrying out agreed functions; and carrying out agreed post-appraisal work.

3. Consultation, Notification and Application

3.1 Staff and Trade Union Consultation

The pay policy impacts upon the contract of employment of all staff at the College. As such, the Governing Body undertakes to ensure that there is adequate consultation with staff and appropriate Professional Associations/Trade Unions on any proposed changes. A reasonable timetable for such consultation will be set and adhered to, thereby ensuring that consultation does not become unnecessarily protracted.

The policy will be available to all members of staff via 'CIS'.

3.2 Management Planning and the Pay Policy

All committees mentioned in this document have terms of reference detailed in the document titled 'Governing Body of Minsthorpe Community College – Committees & Selection Panels Terms of Reference'. This document is available to all members of staff via 'CIS'.

The *Resources Committee* will keep the staffing structure of the College, determined in accordance with the Education (Review of Staffing Structures) Regulations 2005, under review. Any such review will take place before the Governing Body determines the budget for the following year, so as to take into account any recommendations by the *Resources Committee* which carry financial implications.

When the budget has been set the *Personnel and Pay Implementation Committee* will implement the priorities agreed within the College Strategic Plan.

As a component of the annual review, and after completion of the Annual Census, the *Resources Committee* will determine whether pupil number changes are likely to affect the unit total which determines the group size of the College and consequently, whether this will affect the salaries of staff at the College.

The *Personnel and Pay Implementation Committee* will determine the salary levels of individual members of staff at least once a year, in accordance with the STPCD and the NJC Terms and Conditions, the pay policy and in relation to the College Strategic Plan. During this process it will determine the salaries to be paid to all members of staff and will have regard to the differentials between the salaries of the Principal and Assistant Principals and other staff employed at the College.

3.3 Review of the Policy

The Governing Body will review this policy annually, or when circumstances require it and will consult with staff and appropriate Professional Associations as part of such a review. In any event, the policy will be reviewed each time a new School Teachers' Pay and Conditions Document (STPCD) or a revised NJC Terms and Conditions Document is produced.

This policy has been updated in light of the STPCD 2021 and the accompanying non-statutory guidance.

3.4 Relationship with the Appraisal Policy

Information relating to the outcome of appraisals (IPR) will be used by the *Personnel and Pay Implementation Committee* for Pay Progression decisions.

The Governing Body agrees the College budget and will ensure that appropriate funding is allocated for pay progression at all levels. The Governing Body recognises that funding cannot be used as a criterion to determine progression.

3.5 Confidentiality

Governors recognise the importance of confidentiality when dealing with the pay of individual members of staff: whilst decisions will be minuted, minutes of meetings will be confidential and not open to the public.

3.6 Access to Records

The Principal shall ensure reasonable access for individual members of staff to their own employment records.

3.7 Pay Differentials

The Governing Body will ensure that there are appropriate pay differentials between posts in the College.

3.8 Parity with other Schools/Colleges

The Governing Body will be sensitive to the relationship of its pay policy with those of comparable schools/colleges in the area/district.

4. The Appeal Procedure

4.1 Reasons for Appealing

The following list includes the possible reasons for seeking a review of a pay determination.

That the *Personnel and Pay Implementation Committee* -

- incorrectly applied any provision of the STPCD
- incorrectly applied any national or local agreement for the grading of support staff
- failed to have proper regard for statutory guidance;
- failed to take proper account of relevant evidence;
- took account of irrelevant or inaccurate evidence;
- was biased; or
- otherwise unlawfully discriminated against the employee.

4.2 The Order of Proceedings

An employee may seek a review of any determination in relation to their pay or any other decision taken by the governing body (or a committee or individual acting with delegated authority) that affects their pay as indicated in 4.1.

The employee receives written confirmation of the pay determination and where applicable the basis on which the decision was made.

If the employee is not satisfied, they should seek to resolve this by discussing the matter informally with the Principal within ten working days of the decision. If the Principal is not satisfied, they should seek to resolve this by discussing the matter informally with the Chair of Governors within the same time limits within another ten working days

Where this is not possible, or where the employee continues to be dissatisfied, they may follow a formal appeal process.

The employee should set down in writing the grounds for questioning the pay determination from 4.1 above and send it to Chair of the *Personnel and Pay Implementation Committee*, within ten working days of the notification of the decision being appealed against or of the outcome of the discussion referred to above. The *Personnel and Pay Implementation Committee* may extend that time limit for good and sufficient reason.

The *Personnel and Pay Implementation Committee* will conduct a hearing within ten working days of receipt of the written grounds for questioning the pay decision to consider this and give the employee an opportunity to make representations in person. Following the hearing the employee should be informed in writing of the decision and the right to appeal.

Any appeal should be heard by the *Personnel Appeals Committee* that shall consist of a panel of three governors who were not involved in the original determination normally within twenty working days of the receipt of the written appeal notification. The employee will be given the opportunity to make representations in person. The decision of the *Personnel Appeals Committee* will be given in writing, and where the appeal is rejected will include written confirmation of the evidence considered and the reasons for the decision.

A Model Procedure to be followed at an Appeal hearing is attached as Appendix 6.

Section 2

Teaching Staff

5. Teaching Staff

5.1 Introduction

All teachers employed at the College are paid within the pay ranges identified within the current STPCD. A copy of the latest version is available at the following web address:
<https://www.gov.uk/government/publications/school-teachers-pay-and-conditions>

All pay related decisions are taken in compliance with The Employment Rights Act 1996, The Employment Relations Act 1999 and The Employment Act 2002, The Part-Time Workers (Prevention of Less Favourable Treatment) Regulations 2000, The Fixed Term Employees (Prevention of Less Favourable Treatment) Regulations 2002, The Employment Act 2008 and Equality Act 2010.

5.2 Pay Reviews

The *Personnel and Pay Implementation Committee* will ensure that every teacher's salary is reviewed with effect from 1 September and no later than 30th November each year, except in the case of the Principal which shall be no later than 31 December each year. Reviews may take place at other times of the year to reflect any changes in circumstances or job descriptions that lead to a change in the basis for calculating an individual's pay.

Where a pay determination leads or may lead to the start of a period of safeguarding (as determined by the STPCD), the *Personnel and Pay Implementation Committee* will give the required notification as soon as possible and no later than one month after the date of the determination.

8

5.3 Notification Arrangements

A written statement will be given within one month after any review setting out the teachers' salary and any other financial benefits to which they are entitled. All decisions will be communicated in writing to each member of staff by the Principal and by the Chair of the Governing Body in relation to the pay of the Principal.

An instruction to amend pay from the relevant date will be issued immediately after the time limit for the lodging of an appeal has passed, or immediately after an appeal has been concluded.

5.4 The Leadership Group

The Principal and Assistant Principal(s) all have substantial strategic responsibilities for College leadership and will be paid a salary on the leadership group pay range detailed in the current STPCD.

5.4.1 Principal

(a) Headteacher Groups and Unit Totals

The Headteacher group to which the College will be assigned will be calculated:

- Whenever it is proposed to appoint a new Principal.
- Whenever the Governing Body sees fit.

The Headteacher group shall be assigned by reference to:

- Mainstream Schools
- Its total unit score which is determined by the number of students on the College register multiplied by the weightings given in the current STPCD.

(b) The Individual School Range

The Governing Body will set an Individual School Range (ISR) of seven points for the Principal within the range of salaries applicable to the Headteacher group of the school as established above. The range shall be determined on the basis of the school size and circumstances. Recruitment and retention difficulties, changes in responsibilities and the appropriate positioning of other members of the Leadership Group on the pay spine may be taken into consideration.

The minimum of the ISR will be at least one point higher than the maximum of any other leadership pay range in the College.

The ISR will be determined when it is proposed to appoint a new Principal, if the Headteacher Group changes or where the pay ranges of other members of the Leadership Group encroach upon the ISR. The ISR may also be reviewed at any time if the Governing Body considers it necessary to retain the Principal.

A written record shall be made of the ISR decision and rationale. The ISR will be identified within the College's staffing structure.

On appointment the Principal will normally be placed at the minimum of the range, but **the Governing Body may consider placing the successful candidate on a higher point if their existing salary exceeds the minimum of the ISR**. In any event, the Principal on appointment will not be paid above the fourth point of the ISR.

(c) Discretionary Payments

The Appraisal Committee of the Governing Body are responsible for making determinations regarding discretionary payments in accordance with procedures detailed in the STPCD.

5.4.2 Assistant and Associate Assistant Principals

The Assistant and Associate Assistant Principal(s) will be placed on a range of five points. The range shall reflect the weight and challenge of the post, the circumstances of the College and any recruitment difficulties.

The Assistant Principal ranges will be placed above the salary level of the highest paid classroom teacher.

The maximum point of the highest Assistant Principal pay range will be at least one point lower than the minimum point of the ISR

The maximum point of the Assistant Principal pay range will be at least one point lower on the pay scale than the minimum point of the Principal pay range.

The range for Assistant Principals will be determined when it is proposed to appoint a new post holder or where there are significant changes to the responsibilities of the post.

A written record shall be made of all Leadership Group pay ranges. The pay ranges will be identified within the College's staffing structure. The range shall be determined on the basis of the school size and circumstances, recruitment and retention difficulties, changes in responsibilities and the appropriate positioning of other members of the Leadership Group on the pay spine may be taken into consideration. This may be reviewed at any time as a result of changes in any of the circumstances indicated above.

On appointment an Assistant or Associate Assistant Principal will normally be placed at the minimum of the range, but **Governors may consider placing the successful candidate on a higher point if their existing salary exceeds the minimum of the range**. In any event, the Assistant Principal on appointment will not be paid above the third point of the relevant pay range.

5.4.3 Salary Progression for The Leadership Group

The *Personnel and Pay Implementation Committee* will refer to the outcome of appraisals when they determine whether there should be any movement up the pay range.

All members of the Leadership Group must demonstrate sustained high quality of performance, with particular regard to leadership, management and student progress at the College.

Annual pay progression within the range for these posts is not automatic. The *Personnel and Pay Implementation Committee* may decide to move a member of the Leadership Group up the pay range normally by a single point if there has first been a review of performance against appraisal objectives.

A maximum of two points progression may be considered where there is evidence of exceptional performance with particular regard to leadership, management and student progress at the College.

5.5 Qualified Classroom Teachers

5.5.1 Main Pay Range

The Governing Body have decided that there will be 6 pay points within this range:

MPR 1	£25,714
MPR 2	£27,600
MPR 3	£29,664
MPR 4	£31,778
MPR 5	£34,100
MPR 6	£36,961

10

When appointing new staff to the Main Pay Range, Governors will appoint to one of the six pay points.

5.5.2 Progression on The Main Pay Range

Please see Appendix 3 for Pay Progression criteria and Appendix 4 for Enhanced Pay Progression criteria.

5.5.3 Upper Pay Range

The Governing Body have decided that there will be 6 pay points within this range:

UPR 1	£38,690
UPR 2	£39,175
UPR 3	£39,658
UPR 4	£40,145
UPR 5	£40,631
UPR 6	£41,604

When appointing new staff to the Upper Pay Range, Governors will appoint to one of the six pay points.

5.5.4 Application to Move on to the Upper Pay Range

Any qualified teacher may apply to be paid on the upper pay range. It is the responsibility of the teacher to decide whether or not they wish to apply.

Applications should be submitted during the period September 1st - October 31st for progression on September 1st of that academic year. Pay will be backdated to September 1st where the application is judged to be successful. A teacher may submit **one** application in any academic year in the period 1st September – October 31st.

As defined in the School Teachers' Pay and Conditions Document 2017, a teacher applying for progression onto the Upper Pay Range must be able to demonstrate that:

- ❑ they are highly competent in all elements of the relevant standards; and
- ❑ their achievements and contribution to the college are substantial and sustained.

As exemplified through evidence provided in the college application form for Upper Pay Range progression Appendix 5.

For the purposes of this pay policy:

- ❑ **'highly competent'** means performance which is not only good but also good enough to provide coaching and mentoring to other teachers, give them advice and demonstrate to them effective teaching practice and how to make a wider contribution to the work of the college and help them to meet the relevant standards and develop their own practice.
- ❑ **'substantial'** means of significant importance to the college - contribution to addressing the college priorities identified in the College Strategic Plan; contribution to addressing team priorities as identified in the Curriculum/Cross Curriculum Team's Action Plan; providing a role model for teaching and learning; taking advantage of appropriate professional learning opportunities to develop skills, knowledge and understanding and use the outcomes effectively to improve students' learning; contribution to the effective implementation of college policies and practice and their ongoing development.
- ❑ **'sustained'** means maintained continuously over a period of two years.

11

Applications for progression to the upper pay range will be assessed by the Principal and a decision notified to the teacher in writing within 20 working days.

If unsuccessful the teacher will be provided with feedback within 5 working days of receiving the decision.

Any appeal against the decision, which should be submitted within 10 working days of receiving feedback, will be considered in line with the appeals procedure set out in Section 4 of this policy.

5.5.5 Progression on The Upper Pay Range

Please see Appendix 3 for Pay Progression criteria and Appendix 4 for Enhanced Pay Progression criteria.

5.5.6 Teaching & Learning Responsibility Payments

A Teaching and Learning Responsibility payment ("TLR") may be awarded to a classroom teacher for undertaking a sustained additional responsibility in the context of the College's staffing structure for the purpose of ensuring the continued delivery of high-quality teaching and learning for which he or she is made accountable.

The Governing Body have determined a structure of Curriculum and Cross Curriculum TLR posts.

A teacher will not be awarded more than one TLR of the same type but can be awarded a 'curriculum' TLR and a 'cross curriculum' TLR. In this instance the TLR becomes a composite TLR.

TLR payments will be awarded to a teacher on the main pay range or upper pay range where a teacher is required to undertake a sustained additional responsibility within the college's staffing structure for ensuring the continued delivery of high-quality teaching and learning for which they are accountable.

i.e. where a post:

- is focused on teaching and learning;
- requires the exercise of a teacher's professional skills and judgment;
- requires the teacher to lead, manage and develop a subject or curriculum area; or to lead and manage pupil development across the curriculum;
- has an impact on the educational progress of pupils other than the teacher's assigned classes or groups of pupils;
- involves leading, developing and enhancing the teaching practice of others.

The values of the TLRs will be within the range identified in the STPCD current at the time. In this college the Governing Body has determined that TLR payments will be as follows within that range:

TLR 1 (post includes significant line management responsibility in addition to that outlined above)

TLR 1.1	£8,291
TLR 1.2	£11,160
TLR 1.3	£14,030

TLR 2

TLR 2.1	£2,873
TLR 2.2	£4,944
TLR 2.3	£7,017

TLR 3 £571 - £2,833

The Governing Body may award a temporary TLR (TLR3) payment of between £571 to £2,833 to a post requiring additional duties for a time limited period for a specific project identified as a priority within the school development plan or other substantial school improvement projects or exceptional one off externally driven responsibilities.

The value of any temporary TLR3 will be determined within the above range on an individual basis according to complexity and level of responsibility of the role.

The duration of such temporary TLR3 payments would normally not exceed 3 years after which time they will be reviewed and may be extended if appropriate.

There will be no safeguarding of any temporary TLR3 payments. A TLR 3 can be awarded to a teacher who already holds a TLR 1 or 2.

The *Resources or Personnel Committee* shall determine which posts will have a TLR assigned to them. These are shown in the staffing structure at Appendix 1

5.5.7 Special Educational Needs Allowance

A SEN allowance of no less than £2270 and no more than £4479 per annum will be considered payable to a classroom teacher by the Governing Body in accordance with paragraph 21 of the STPCD. The value of the allowance will be based on whether any mandatory qualifications are required, other qualifications, experience and expertise relevant for the post and the relative demands of the post. The following criteria will determine whether or not an SEN Allowance is payable for each of the three 'spot' allowances determined by the Governing Body:

£2270	This 'spot' allowance will be awarded where a classroom teacher makes a greater contribution to the teaching of students with special educational needs in the College which is significantly greater than that which would be the normal requirement of teachers throughout the College. This will be the case where a teacher's timetable involves teaching more than 50% of SEN designated classes as a percentage of total possible teaching load. A designated SEN class is one where more than 90% of students are SA or SA+ or have a Statement of Need and the group size is greater than 10 students.
£3371	This 'spot' allowance will be awarded as above but where the teacher has at least 3 consecutive years recent experience of teaching SEN designated classes within the last 5 years.
£4479	This 'spot' allowance will be awarded where the teacher's timetable involves teaching more than 80% of SEN designated classes as a percentage of total possible teaching load. A designated SEN class is one where more than 90% of students are SA or SA+ or have a Statement of Need and the group size is greater than 10 students. The teacher will have at least 5 consecutive years of recent experience of teaching designated SEN classes.

SEN Allowances will be paid to cover the period of time that a teacher's timetable meets the eligibility criteria above. In-year timetable changes, the annual cycle of timetable changes and fluctuating student numbers may move eligibility in and out of the criteria above.

13

5.5.8 Leading Practitioners & Subject Leading Practitioners

The governing body has determined that there will be 5 pay points within the Leading Practitioner Pay Range:

L9	£51,402
L10	£52,722
L11	£54,091
L12	£55,337
L13	£56,720

The governing body has determined that there will be 5 pay points within the Subject Leading Practitioner Pay Range:

L5	46,565
L6	47,735
L7	49,019
L8	50,150
L9	51,402

The pay range will be determined having regard to; the nature of the work to be done, the scale of the challenges; and such other criteria as considered appropriate. In addition, when setting the pay range for Leading Practitioners the Governing Body will consider the pay differentials of these posts and their managers.

Annual pay progression within the range for these posts is not automatic. Subject/Leading Practitioner's will be subject to a review of performance against the Pay Progression Criteria detailed in Appendix 3 and Appendix 4.

5.5.9 Qualified Teacher Learning And Skills

From 1 April 2012, further education teachers who have been awarded QTLS by the Institute for Learning (IfL) and are members of the IfL are recognised as qualified teachers in schools. This will allow them to be appointed to permanent posts in state-maintained schools in England and they will be paid on the qualified teachers' pay scale. They will continue to be recognised as qualified schoolteachers providing they remain a member of the IfL.

5.6 Unqualified Classroom Teachers

5.6.1 Unqualified Pay Range

The governing body will appoint unqualified teachers to a salary within the range set out in the current School Teachers Pay and Conditions Document.

The governing body has determined that there will be 6 pay points within this range:

Point 1	£18,169
Point 2	£19,912
Point 3	£22,393
Point 4	£24,507
Point 5	£26,621
Point 6	£28,735

In line with the recommendations in the STRB's 31st Report, from 1st September 2021, a consolidated award of £250 will be awarded to all teachers whose full-time equivalent basic earnings are less than £24,000.

14

5.6.2 Progression on the Unqualified Pay Range

Please see Appendix 3 for Pay Progression criteria and Appendix 4 for Enhanced Pay Progression criteria.

5.6.3 Unqualified Teachers' Allowance

The *Personnel & Pay Implementation Committee* may pay an unqualified teachers' allowance to unqualified teachers when the Governing Body consider their basic salary is not adequate having regard to their responsibilities, qualifications and experience.

5.6.4 Unqualified Teachers on an Employment Based Route to Teaching

The *Personnel and Pay Implementation Committee* will pay an unqualified teacher on one of the employment based routes into teaching on the unqualified teachers' range.

5.6.5 Unqualified Teachers' Obtaining QTS

On gaining qualified teacher status, an unqualified teacher shall transfer to the next pay point on the main pay range for classroom teachers above the sum of their current salary payable on the pay range for unqualified teachers.

5.7 Part-Time Teachers

Teachers employed on a regular basis at the College but who work less than a full working day or week are deemed to be part-time. The Governing Body will give them a written statement detailing their working time obligations and the mechanism used to determine their pay, subject to the provisions of the statutory pay arrangements. Part-time teacher's pay will be based on the appropriate fraction of the relevant full time annual salary.

INSET days worked by part-time staff will be based upon their fractional working work, for example:

- ❑ Teacher A works 0.4 (2 days/wk) – INSET Days attendance should be 2 of 5
- ❑ Teacher B works 0.8 (4 days/wk) – INSET Days attendance should be 4 of 5

The days should be agreed between the teacher, their Curriculum Team Leader and Leadership Team Link.

5.8 Supply Teachers

Teachers employed on a short notice or supply basis will have their pay determined in line with the arrangements outlined in this policy for other teachers. Teachers paid on a daily basis will have their salary assessed as an annual amount, divided by 195. For temporary teachers on short notice this will be multiplied by the number of days to be worked.

Teachers who work less than a full day will be hourly paid and will have their salary calculated by dividing the annual salary by 1265 to give an hourly rate.

5.9 Other Payments

5.9.1 Continuing Professional Development, Initial Teacher Training Activities and Out-Of-School Learning Activities

15

The *Personnel and Pay Implementation Committee* may consider payments for continuing professional development, initial teacher training and out of school hours learning activity. Payments shall be calculated on a daily rate of 1/195th (1/1265th hourly rate) the teacher's actual salary.

5.10 Recruitment and Retention Incentives and Benefits

5.10.1 Recruitment and Retention Payment

The governing body may, on the advice of the Principal, consider the award of a recruitment and retention payment where there is clearly demonstrated evidence that such a payment is:

- ❑ required to attract suitable candidates for a post which it has been or it is considered difficult to fill; or
- ❑ required to retain the skills and expertise of a teacher, particularly in a specialist area or where it is considered that the subsequent vacancy would be difficult to fill.
- ❑ to recognise a teacher's performance which exceeds the college's expectations and which is not recognised through accelerated salary progression in other sections in this policy.

5.10.2 Payment Value

The value of any recruitment or retention payment will be determined according to the circumstances of each case but will take into account salary relativities across the college structure and known staffing changes in the future and would normally be within the range £500 - £5,000.

5.10.3 Payment Duration

The duration of the payment will be determined according to the circumstances of the payment. An annual review will be held which may extend the period if appropriate.

5.10.4 Other Retention Benefits

Normally a recruitment or retention payment will be financial, but where appropriate, governors may consider other benefits e.g. relocation expenses, childcare provision etc.

5.10.5 Fees for Work out of College

In the event that a member of staff does professional duties for another body during the normal 'College' working day (195 days per annum):

- ❑ This should be agreed in advance with the Principal/Chair of Governors on the basis that teaching duties can be covered, and other duties performed at other times.
- ❑ They should inform the Finance Team (via Service Desk) of the organisation, contact details and the amount to be invoiced.
- ❑ A fee will then be charged and made payable to Minsthorpe Academy Trust budget. The fee should cover any direct costs to the College arising from the absence from teaching duty (e.g. Cover costs).
- ❑ Any remaining amount will be paid to the member of staff as a bonus payment through normal pay roll, less 25% for normal employer on costs and College administration. The bonus payment will not be paid to the member of staff until the funding is received into college.

NB For work done outside normal working days, teaching staff should claim a fee directly (and take responsibility for tax declaration).

16

Guidance on fee charging:
$$\frac{\text{Gross annual salary} + \text{on costs (25\%)}}{195} = \text{DAILY RATE}$$

Many teachers work as part-time external examiners, verifiers or moderators as a useful from of personal professional development and because the knowledge and skills they gain are useful to the college and students. Fees are normally paid for this work. It is recommended that where absence is approved with pay, 50% of any fees other than for work done outside of directed time, should be paid to the College/relevant Curriculum Area.

5.10.6 Gatekeeping Guidelines

Please see Appendix 7 – 'Gatekeeping Guidelines – Overtime/Additional Work'.

5.11 Acting Allowances

Teachers who cover all of the duties associated with a post of a higher grade or allowance other than their own for an uninterrupted period of at least 4 weeks will be considered for payment of an acting allowance. This will normally be the difference between the teacher's substantive salary and the minimum point on the pay range of the higher level post and will cover the whole period of acting up during which the teacher will be expected to undertake the full range of duties and responsibilities of the post.

Payment will be backdated to the date on which the responsibilities were assumed.

PAY PROGRESSION CRITERIA

The teacher's annual appraisal report will contain a recommendation on pay progression. The Principal will be responsible for submitting any recommendations for pay progression, in accordance with the relevant sections of this policy, to the governing body for approval.

The following criteria will be used in conjunction with one another to assess pay progression based on performance for all classroom teachers excluding ECT's where only 1 & 3 apply.

Main Pay Range/Unqualified**1. Meeting the 'Teachers' Standards' (hereafter referred to as the standards).**

In deciding whether or not a teacher has met or not met each of the teachers' standards an appraiser will need to form a balanced, overall professional judgement, based on all of the evidence available to **them as well as their own professional knowledge of the day to day practice of the teacher concerned**. This judgement should be made with honesty and integrity, with the aim of upholding the high standards expected within the profession and by the college. Where the appraiser has doubt about the judgement on any standard, they should seek advice from their CTL and/or LT Link.

N.B. A teacher will be given the opportunity to provide any additional evidence for each standard at their Appraisal meetings throughout the year.

If a teacher is not meeting Teachers Standards' during the year, appropriate intervention will be put in place. If the teacher is then able to consistently meet Teachers Standards', pay progression is likely. If the teachers does not meet Teachers Standards', pay progression is unlikely.

2. Meeting the three individual objectives.

The objectives set for each member of staff, will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to their role and level of experience. The appraiser and appraisee will seek to agree the objectives but, if that is not possible, the appraiser will determine the objectives in liaison as required seeking advice from their CTL and/or LT link. Appropriate actions towards meeting the objectives will also be set.

Where the objectives are met, this will be considered alongside (1) meeting the standards and (3) outcomes of the lesson observation to inform a rounded and balanced professional judgement on pay progression.

Where the teacher does not meet all objectives, but does meet all actions, then pay progression is likely. Where the teacher meets neither all objectives, nor all actions, then pay progression is unlikely.

N.B. A teacher will be given the opportunity to provide any additional evidence for each objective at their Appraisal meetings throughout the year.

3. The quality of teaching as observed through one observation.

These will not be used in isolation but in conjunction with other intelligence such as exam results/student progress, work scrutiny and lesson visits as part of Quality Assurance procedures.

The rate of progression may be differentiated according to an individual teacher's performance as indicated below. Enhanced progression will be a maximum of two points on the main range.

- a) Where evidence is presented to show a teacher is, on balance, Highly Competent in meeting the relevant Teacher Standards, and has met all 3 objectives and actions - very likely to be eligible for pay progression; possibly eligible for enhanced pay progression.
- b) Where evidence is presented to show a teacher is, on balance, meeting the Teacher Standards, and has met most/all objectives and all actions - likely to be eligible for pay progression.
- c) Where evidence is presented to show a teacher is, on balance, not meeting the Teacher Standards, and failed to meet all objectives and actions - unlikely to be eligible for pay progression.

N.B. Where Human Resources have been involved with a teacher regarding a matter that may impact upon that teacher meeting the standards, the HR Director will inform the Appraiser of this as appropriate. Confidentiality of the details will be maintained wherever possible.

Upper Pay Range/Leading Practitioners

1. Meeting the 'Upper Pay Range Standards' (hereafter referred to as the standards).

In deciding whether or not a teacher has met or not met each of the standards an appraiser will need to form a balanced, overall professional judgement, based on all of the evidence available to them **as well as their own professional knowledge of the day to day practice of the teacher concerned**. This judgement should be made with honesty and integrity, with the aim of upholding the high standards expected within the profession and by the college. Where the appraiser has doubt about the judgement on any standard, they should seek advice from their CTL and/or LT Link.

N.B. A teacher will be given the opportunity to provide any additional evidence for each standard at their Appraisal meetings throughout the year.

If a teacher is not meeting Standards' during the year, appropriate intervention will be put in place. If the teacher is then able to consistently meet Standards', pay progression is likely. If the teacher does not meet Standards', pay progression is unlikely.

2. Meeting the three individual objectives.

The objectives set for each member of staff, will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to their role and level of experience. The appraiser and appraisee will seek to agree the objectives but, if that is not possible, the appraiser will determine the objectives in liaison as required seeking advice from their CTL and/or LT link. Appropriate actions towards meeting the objectives will also be set.

Where the objectives are met, this will be considered alongside (1) meeting the standards and (3) outcomes of the lesson observation to inform a rounded and balanced professional judgement on pay progression.

Where the teacher does not meet all objectives, but does meet all actions, then pay progression is likely. Where the teacher meets neither all objectives, nor all actions, then pay progression is unlikely.

N.B. A teacher will be given the opportunity to provide any additional evidence for each objective at their Appraisal meetings throughout the year.

3. The quality of teaching as observed through one observation.

These will not be used in isolation but in conjunction with other intelligence such as exam results/student progress, work scrutiny and lesson visits as part of Quality Assurance procedures.

The rate of progression may be differentiated according to an individual teacher's performance as indicated below. Enhanced progression will be a maximum of two points on the upper or leading practitioner ranges.

- a) Where evidence is presented to show a teacher is, on balance, Highly Competent in meeting the relevant Teacher Standards, and has met all 3 objectives and actions - very likely to be eligible for pay progression; possibly eligible for enhanced pay progression.
- b) Where evidence is presented to show a teacher is, on balance, meeting the Teacher Standards, and has met most/all objectives and all actions - likely to be eligible for pay progression.
- c) Where evidence is presented to show a teacher is, on balance, not meeting the Teacher Standards, and failed to meet all objectives and actions - unlikely to be eligible for pay progression.

N.B. Where Human Resources have been involved with a teacher regarding a matter that may impact upon that teacher meeting the standards, the HR Director will inform the Appraiser of this as appropriate. Confidentiality of the details will be maintained wherever possible.

1. Working Hours (up to 37 hours per week)

1.1 Key Principles

All hours between 6.00am and 10.00pm Monday to Friday inclusive will be at plain time.

1.2 Saturdays & Sundays

Time plus one third enhancement (33.33%).

1.3 Nights

Time plus one third enhancement (33.33%) to apply to hours between 10.00pm and 6.00am Monday to Sunday.

This is in addition to any enhanced rate falling on a Saturday or Sunday, e.g. work undertaken from 10pm on Saturday night will be paid at Time plus one third (nights) plus Time plus one third (Saturday) = Time plus two thirds.

1.4 Split Shifts

A split shift is defined as a working arrangement which requires an employee to make two separate journeys from home to work in a 12 hour period whilst undertaking the same job.

In addition, a split shift allowance will only be paid where there are fixed start and finish times in the day, not where an employee is able to work flexibly in order to carry out their duties.

There must be a minimum period of 2 hours between the finish and start times of the 2 periods of attendance.

Enhanced payment of 1% of basic salary per day of the week (i.e. up to 5% for working 5 days on split shifts in the week).

1.5 Shift Premiums (excluding split shifts)

A premium rate up to the rate applied to split shifts (5%) will be applied to reflect the unsocial nature of shifts where there is a difference of at least five hours between start times from one shift to another.

1.6 Bank Holidays

In addition to the time off in lieu, the following is proposed:

Employees contracted to cover hours (shift patterns) over 365 days per year will receive an automatic premium of 2% in recompense for the requirement to work on Bank Holidays. Such employees will therefore not need to claim additional payment for working on a Bank Holiday.

Employees not contracted to cover hours over 365 days per year will receive double time enhancement (i.e. plain time on top of a day's salary) paid on a claiming basis, for each Bank Holiday worked.

Bank holidays being:

Christmas Day, Boxing Day, New Year's Day, Good Friday, Easter Monday, May Day, Spring Bank Holiday Monday, August Bank Holiday Monday (or as agreed substitute day for Christmas Day, Boxing Day and New Year's Day).

2. Working Hours over 37 hours per week (Overtime)

2.1 General Overtime Principles

Applies to all employees up to and including Scale Point 23. Overtime will be paid in claiming periods of 15 minutes.

Employees above Scp23 will still be required to work in accordance with the College's Planned Overtime Policy, however, their overtime pay will be as per the principles set out in Sections 2.2, 2.3, 2.4, 2.5 and 2.6 (i.e. paid on the basis of their contractual rate of pay and as such this proposal removes the previous planned overtime rates for employees above Scp28).

2.2 Overtime Hours Immediately Before/After Working Day/Shift

The first half an hour of all overtime hours linked to working hours will be paid at plain time other than those between 10.00pm-6.00am and those on Saturday/Sunday when the appropriate enhanced rate applies

2.3 Employees Recalled to Work

All employees, irrespective of grade, recalled to work outside their normal contractual hours will be paid time plus one third for all hours worked. (Subject to these hours being over and above 37 hours worked in the week).

For hours worked on a Sunday, Time plus two thirds will be applied.

For hours worked on a Saturday between 10pm and 6am, time and two thirds will be applied (i.e. night rate premium is also included).

For hours worked on Sunday between 10pm and 6am, Double Time will be applied (i.e. night rate premium is also included).

2.4 Call-Out

- 1) Employees to be paid at appropriate rate as shown at Section 2.3 where called into work outside their normal contractual hours (i.e. without prior notice).
- 2) A minimum payment of two hours will be paid for the first call out of any one session. Payments for any subsequent call-out within the session will be on the basis of hours worked.

Travelling time from and to home will not be claimable, however all mileage incurred can be claimed in accordance with the College's vehicle mileage scheme at Section 4.

2.5 Overtime on Days 6 and 7

All hours worked on Days 6 and 7 will be paid at time and a third (subject to these hours being over and above 37 hours worked in the week).

However, where a Sunday falls on day 6 or 7 then hours worked on a Sunday will be paid at time and two thirds.

All hours worked between 10.00pm and 6.00am will also be subject to an additional 33.333% premium to recognise night working.

2.6 Bank Holidays (Overtime)

All Bank Holidays attract double time enhancement (i.e. plain time on top of a day's salary) in addition to time off in lieu.

Bank holidays being:

Christmas Day, Boxing Day, New Year's Day, Good Friday, Easter Monday, May Day, Spring Bank Holiday Monday, August Bank Holiday Monday (or as agreed substitute day for Christmas Day, Boxing Day and New Year's Day).

3. Annual Leave

Entitlement	Number of days	Number of days with 5 years' service	Number of days with 10 years' service
Salary up to and including SCP 11	25	30	30
Salary between SCP 12 – SCP 27	28	30	31
Salary SCP 28 and above	30	30	33

4. Mileage Allowances

4.1 Casual Car User Allowance

30

40p per mile. Review of Amount - In line with Inland Revenue rate changes.

4.2. Motorcycles

24p per mile. Review of Amount - In line with Inland Revenue rate changes.

4.3 Bicycles

20p per mile. Review of Amount - In line with Inland Revenue rate changes.

4.4 Public Transport

Full reimbursement for submitted tickets.

4.5 Training Rates

All College agreed professional and personal development training is deemed to be part of an employee's contractual duties. Therefore the provisions of Section 4 apply to all mileage incurred whilst undertaking agreed training.

4.6 Parking Fees

All parking fees incurred on College business will be fully reimbursed including those relating to training.

5. Protection of Earnings

Salary protection based on basic contractual pay for a period of two years from date of implementation.

Employees will have their basic salary and contractual remuneration frozen as a cash amount. Protected employees will not receive pay awards or any further increments during the two years of the protection unless the remuneration of the new grade exceeds the protected amount.

If at the end of the two year protection period the employee pay has not caught up to the frozen amount the employees pay will be reduced to the maximum of the salary / wage of the new grade. Where an employee is currently on protection, that will continue for the remainder of its time period following which point the new protection will commence however the two year protection period will be back dated from the date of implementation of the new pay and grading structure.

6. Recruitment Incentive Payment

The need to introduce a recruitment incentive payment is recognised for the following reasons:

- 1) Market factors will from time to time result in the need for the College to pay a supplementary payment in addition to the evaluated rate in order to attract employees.
- 2) Any recruitment incentive payment will be subject to annual review and will not be consolidated into any employee's basic pay.

This ensures payments are given for the appropriate reason at the appropriate rate and not for historic reasons.

7. Other Emoluments

31

7.1 Training – Reimbursement for Textbooks

An allowance of up to £50 per annum will be paid to cover up to 50% of the cost of text books required to support approved training. Review of Amount – Annually.

7.2 Bicycle Scheme

Up to £1000 irrespective of salary level.

7.3 Casual/Relief Employment Rates of Pay

Appropriate rate for the job to be applied at plain time Monday to Sunday up to 37 hours per week. Only hours worked over 37 hours per week to be paid at the appropriate enhanced rate.

Annual leave accrual to only apply up to 37 hours per week, irrespective of day and time worked.

7.4 Acting Up Payment

Employees who cover all of the duties associated with a post of a higher grade or allowance other than their own for an uninterrupted period of at least 4 weeks will be considered for payment of an acting allowance.

This will normally be the difference between the employee's substantive salary and the minimum point on the pay range of the higher level post and will cover the whole period of acting up during which the employee will be expected to undertake the full range of duties and responsibilities of the post. Payment will be backdated to the date on which the responsibilities were assumed.

8. Other Arrangements

8.1 Notice from Employees

- 1) One months notice for all employees paid up to and including SCP 27.
- 2) Two months notice for all employees paid on SCP 28 and above.

8.2 Term Time Formulas

Where an employee works term-time (190 or 195 days per year) the following formulas are to be applied (based on pro-rata entitlement to Bank Holidays):

Length of Service	Spinal Column Point	Employee Working All Year	Term-time (not working Inset days) 190 days	Term-time but works Inset days – 195 days

8.3 Apportionment of Salaries

The following calculations will be used for employees when calculating additional payments to or deductions from salaries:

FTE Annual Salary / 52.1428 / 37 hours = £xxx (hourly rate) x number of hours payable or recoverable / authorised or unauthorised.

Applies to: Payment of undertaken annual leave upon termination (for whatever reason) of an employee.
 Recovery of overtaken annual leave upon termination (for whatever reason) of an employee.
 Unauthorised unpaid leave.
 Authorised unpaid leave.
 Strike Leave.

FTE Annual Salary / 365 x number of days worked in the month.

Applies to: New starters
 Leavers
 Re-grading
 Additional Duty Payment } payments to be calculated based on the difference between the substantive/old salary and the salary of the higher/new grade.

FTE = Full Time Equivalent (pro-rata arrangements for part-time employees).

8.4 Planned Overtime (referenced in section 2.1)

All overtime for employees above Scale Point 23 should be pre-approved using Form P6 available on CIS©.

33

Note: The expectation is that employees above point 23 will generally and occasionally accept some additional hours as part and parcel of their role.

8.5 Annual Leave for Support Staff employed Full-Time

Annual leave will be co-ordinated by the Team Leader.

Priority is business continuity - annual leave therefore needs to be co-ordinated by the Team Leader to ensure this is maintained. Leave in term time is permitted within reason. It is not expected that colleagues will 'save' annual leave with the intention of taking extended periods during term time. Up to 50% of annual leave can be taken in a single block in term time. These can be added to College holidays to create extended leave periods. Annual leave carried over but not used before June the 30th in the following leave period will be lost. In order to assist the Team Leader in planning and maintaining business continuity, leave of 5 days or more should be booked at least one month in advance.

Annual Leave should be taken between 1st April to March 31st. Any leave unused in that leave period must be taken before June the 30th of the following leave year. Request for Annual Leave Forms must be completed. The Team Leader should sign to authorise this.

8.6 Annual Leave for Support Staff Term Time Only

No holidays should be booked during term time.

8.7 Term Time plus 5 days/Term Time plus 10 days.

These are additional workdays which should be agreed with the Team Leader and could be up to the maximum indicated (5 or 10). The College academic year should be used to guide when these days would be most effective e.g. examination results days, INSET days.

Gatekeeping Guidelines

Additional Work (Teaching Staff) Overtime (Support Staff)

Pay mechanisms exist for additional work/overtime and are detailed in the Staff Pay Policy – Section 5.11.1 (p18) & Section 3 (p31).

These guidelines are designed to support those mechanisms and are a response to managing additional work/overtime payments at a time of diminishing resources whilst ensuring staff are remunerated for such work. Additional work/overtime should be authorised before it is undertaken and if any doubt exists, clarification should be sought.

It is unlikely that these guidelines will exhaustively cover all eventualities because of the diversity of the workforce and the varied nature of the service that staff teams provide and the different terms and conditions for teachers and support staff. They should be seen as a framework.

Additional Work/Overtime	Applies to	Nature of Additional Work Overtime	Payment	Supporting Guidance Notes
Trips and visits of an extra-curricular nature at weekends and after College.	All Staff	Voluntary	Unpaid	Since this is unpaid there is no requirement for authorisation 36 it would be good practice to discuss involvement with team leader.
Residential Trips & Visits where part-time teaching staff work on non-contracted days or where staff are involved in assessment activities on non-contracted days e.g. Speaking Tests	Teaching Staff	Required	Paid	Authorisation must be sought from relevant Team Leader and cost centre for payment identified. Trips and assessment arrangements therefore must factor in this additional cost at the planning stage.
