Section 1

STATEMENT OF PRINCIPLES

This Policy is approved annually by the Governors of Minsthorpe Community College, who delegate the implementation of it to the Principal and the Leadership Team of the College.

The College has high expectations of student behaviour. These expectations are outlined to new students and their parents/carers in the Code of Conduct. These expectations are revisited regularly in assemblies, P&A time and a video for each year group is posted on the College website. All staff (teaching and associate) receive regular and relevant training to support them within their roles.

The Behaviour Policy is a detailed document which sets out not only the College rules but also the support mechanisms in place to address students who break these rules.

In practice the Behaviour Policy is a lengthy document and is not suitable when dealing with students in a classroom setting and around site. Instead, the College has embedded a framework of 'Behaving the Minsthorpe Way' (included at the end of this policy). This in essence simplifies the College's high expectations of student behaviour and is known as BE FAIR and BE FAIR Everywhere.

We will make reasonable adjustments for students considering the students age, any presenting SEND and any religious requirements affecting them. A reasonable adjustment never means we will lower our expectations. It means some students need additional support to ensure they meet the high expectations we have for all our students.

No policy can cover every eventuality. The College reserves the right to use discretion, in line with this policy, to maintain a safe, calm, orderly and supportive environment in which all students can learn.

Section 2

AIMS AND OBJECTIVES

1. To support all staff in their implementation of Minsthorpe Community College's 'Home College Agreement' (The Code of Conduct) and BE FAIR expectations through regular CPD.
2. To create a linear framework of behaviour management strategies from the classroom teacher/P&A Mentor and site supervisors/assistants through to the Principal / Governors.
3. To continue to raise achievement by promoting a safe, calm, orderly and supportive learning environment for staff and students.
4. To communicate accurately and in a timely manner regarding behaviour concerns with relevant stakeholders, including parents / carers and social workers.

Section 3

UNDERLYING PRINCIPLES

Behaving the Minsthorpe Way (BE FAIR), displayed and explicitly referred to in College, simplifies this policy to enable consistent application. For further information on rewarding students, please refer to the Rewards and Recognition Policy.

The policy is predicated on levels of responsibility, application, and support in line with those first established in the superseded Exclusions/Behaviour Continuum policy.

Targeting of identified challenging students for behaviour management and programmes of support beginning in KS2 with our primary pyramid. This is managed by the Associate Assistant Principals (Student Support & Transition & Enrichment). The next four levels become and remain active as the students move through this continuum of behaviour strategies and sanctions whilst at the College.

Students may move through the levels in a linear way, or alternatively, they may enter at an advanced stage or be required to revisit stages as part of a behaviour management plan.

- | | |
|---------|---|
| Level 1 | - emphasis on P&A time, classroom, and social time behaviour management |
| Level 2 | - emphasis on middle leader and Inclusion Team behaviour management support |
| Level 3 | - emphasis on Head of Year behaviour management support in liaison with teachers and their CTL and with the additional input of Student Support (ST) and/or outside agencies through the Inclusion Team |

Level 4 - emphasis on Head of Year support and LT behaviour management support in liaison with teachers and their CTL and with the continued input of Student Support (ST) and/or outside agencies under the direction of a Pastoral Support Plan (PSP) as appropriate.

All staff, both teaching and associate, must consistently and rigorously apply these levels of support alongside the Rewards and Recognition Policy, if either are to be effective.

All staff must accept responsibility for positive behaviour management, the application of Behaving the Minsthorpe Way, the application of sanctions and record keeping on SIMS.

All staff should:

- Use positive language in order to embed BE FAIR into all aspects of college life.
- Use de-escalation strategies as outlined in training sessions.
- Encourage all students to meet their responsibilities, as outlined within BE FAIR & BE FAIR Everywhere by referring to expectations explicitly and regularly.
- Reward and recognise students when they meet their responsibilities and aim to reward and recognise more than sanction.
- Establish an environment where students and staff feel safe, comfortable and non-threatened and promote an ethos of equality where comments will not be dismissed as banter.
- Apply knowledge, skills, and training to 'look behind' the behaviour and refer any wellbeing concerns to the Safeguarding Team and SEN concerns to the ST team whilst still maintaining high levels of behaviour expectations.
- Use the one clear and explicit staff warning before escalating to sanctions. This can be verbal or noted on the board and should also be applied during Snack Breaks.

Teaching and Associate Staff participate in regular professional learning opportunities with a focus on the practical application of BE FAIR and BE FAIR EVERYWHERE. Staff adopt a relational approach, which is rooted in de-escalation strategies and maintaining dignity for all!

TEACHER * RESPONSIBILITIES

* In this policy 'teacher' refers to any classroom/student facing practitioner

The teacher should:

- Be aware of any students' additional needs and / or adverse childhood experiences (ACEs) and apply strategies accordingly.
- Make reasonable adjustments to accommodate any SEND requirements.
- Use seating plans effectively to support behaviour management and to note any additional needs/strategies for individual students.
- Discuss behaviour concerns of an individual student with their CTL and/or the relevant Head of Year.
- Consider group moves as a potential behaviour management strategy.
- Use appropriate de-escalation strategies.
- Be a positive role model to students and exemplify the behaviour, language and conduct we expect students to emulate.
- Use positive language.

THE PRINCIPLES OF THE BE FAIR EXPECTATIONS

The BE FAIR expectations must be displayed and referred to at the start of every lesson, including P&A time. Heads of Year and other staff routinely refer to this as part of presentations to whole year groups in assemblies. The aim of this is that 'Behaving the Minsthorpe Way' becomes routine and 'second nature' to all students. We aim to support students in becoming active participants in their own learning and equally to regulate their own behaviour and responses within a range of circumstances and contexts, considering how their behaviour affects themselves and others. This will support them to continue to make correct choices as they progress to the next stages of their lives.

THE PRINCIPLES OF BE FAIR EVERYWHERE

BE FAIR Everywhere is an extension of the BE FAIR classroom expectations. The focus is on behaviour, attitudes and conduct around the College site, outside of lessons and at all, times during the College day. Students receive clear and explicit information and instructions with regards to the principles of BE FAIR Everywhere and how we expect them to conduct themselves outside of lessons. Importantly, we also explain the reasons for our expectations and why these are so important for us to maintain a safe, calm, orderly and supportive environment for all staff and students. Staff will use the warning and removal process during Snack Break 2 duties. We will be relentless in reiterating this information at various points throughout the academic year so that key messages remain high profile for all. This will be part of our ongoing Behaviour Curriculum delivered through assemblies and P&A time.

VAPES

It is illegal for young people under the age of 18 to purchase or possess any vapes or vaping products. Vapes and Vaping products are banned at Minsthorpe Community College and will be confiscated. If a student is suspected of carrying a vape or vaping products, they may be searched. (see Appendix 7)

If the College has concerns about the content of a confiscated vape this will be referred to West Yorkshire Police.

BEHAVIOUR OUT OF COLLEGE AND ONLINE

Minsthorpe Community College students represent the College when travelling to and from College and are expected to follow BE FAIR expectations at this time.

Incidents of bullying, harassment and abuse online will be sanctioned in the same way as face-to-face incidents.

ESCALATION OF STRATEGIES/SANCTIONS

This should only be explored once positive behaviour management strategies, team leader support and/or sanctions, as appropriate, have been exhausted at the appropriate level. Students should be repeatedly reminded of their responsibilities, with the emphasis placed on making the right choice.

WITHDRAWAL FROM EXTRA CURRICULAR ACTIVITIES AND EDUCATIONAL VISITS

Repeated incidents at level 1 and any incident deemed to be at Level 2, 3 or 4 could result in withdrawal from trips, visits, fixtures, and any extra-curricular activities. The behaviour and attendance of students booked on residential and overseas visits is monitored in the months and weeks until the visit. If there is a serious breach or persistent breaches of the Behaviour Policy, and/or the student's attendance declines, their place on the visit will be at risk. This decision will be made by College Leadership and will be at their discretion. The safety and wellbeing of all students and staff is our first priority.

Section 4

LEVEL 1

Emphasis on P&A time, classroom, and social time behaviour management

Principles of Good Practice in the classroom (Level 1)

- Follow the College's routines, procedures & expectations.
- Greet students at the classroom door where possible.
- Refer explicitly and routinely to BE FAIR Expectations displaying the visual at the start of every lesson.
- Insist on silence before speaking and during independent tasks.
- Create a culture of emphasising positives, including celebrating progress and achievement.
- Share student information with relevant staff using our College systems e.g. Arbor & CPOMS.
- Be explicit about the positive behaviour for learning that is required and give direct instructions as to how tasks should be completed.

All staff should challenge the following classroom/lesson time incidents, and **if appropriate** apply sanctions, when they occur:

1. **Not following BE FAIR expectations.**
2. Lateness to lessons/ P&A time.
3. Not removing outdoor clothing, wearing incorrect uniform and the use/wearing of any banned items.
4. Not having the required equipment.
5. Chewing gum/eating.
6. Shouting out/gesturing/swinging on chairs.
7. Bullying, including the use of derogatory / offensive language (never dismissing it as banter).
8. Inappropriate language.
9. Incidences of graffiti/damage.
10. Any other form of inappropriate behaviour, including persistent, low-level disruption to learning.

All staff should challenge the following social time incidents, and if appropriate apply sanctions, when they occur:

1. **Not following BE FAIR Everywhere expectations.**
2. Any behaviour which puts other people's safety at risk.
3. Dropping litter & not clearing own lunch items.
4. Noisy/loutish behaviour, including displaying bad manners towards others.
5. Bullying, including the use of derogatory / offensive language (never dismissing it as banter).
6. Being out of bounds.
7. Wearing incorrect uniform and the use/wearing of any banned items.
8. Spitting.
9. Inappropriate physical contact.
10. Any other form of inappropriate behaviour.

Strategies and Sanctions (Level 1)

1. Give one clear and explicit warning, clearly state the reason for the warning but not engaging in further discussion regarding the reason.
2. Set specific improvement targets.
3. Remind students of their choices.
4. If following one warning the student continues to behave unreasonably contravening BE FAIR/BE FAIR Everywhere they must be removed to work in the removal room.
5. When a student is removed from a classroom, the teacher must email classroomassistance@minsthorpe.cc. The student will be collected and escorted to the removal room, where they will work in isolation for the remainder of the lesson. Provide the reason/room/year group in the subject line of the email.
6. The member of staff who has removed the student must log a behaviour incident on Arbor.
7. If a student behaves inappropriately at Snack Break 2 staff should give a warning but if no improvement they should refer to the member of Leadership in charge who will place the student in the Removal Room if necessary.
8. All staff, where appropriate, should speak to students if they are standing outside a classroom.
9. Year Office staff will hold a pastoral conversation with any student who is removed from a lesson.

The above practice will be applied for students in mainstream lessons. Reasonable adjustments may be made for students in other onsite provisions such as the Resource Provision and RESET.

Classroom Assistance:

The grid below highlights how and when the Classroom Assistance email system should be used:

Reason	Student collected
Removal due to Behaviour	Yes - from outside of the classroom

Persistent Level 1 Incidents – possible sanctions/strategies:

4. Parents/carers should be kept informed.
5. Temporary or permanent change of teaching group.

6. Temporary or permanent change of P&A group.

Setting of after-College detentions:

After-college detentions, notice to parents/carers is given at least the day before the detention.

Reasons for an after-college detention include:

- Two or more lesson removals in one week
- Two or more lesson removals from the same subject within a short period of time
- Removal from a lesson for a 'serious' incident, such as blatant rudeness to a member of staff. The Year Office Team (Head of Year and/or Assistant Head of Year) will make the final decision regarding whether an incident is deemed 'serious' and deserving of a detention.

After-college detentions are set centrally following the flowchart in Appendix 3.

NB

The college has an electronic system for reporting and recording negative behaviour. This is done through the Arbor system and is explained fully in the flow chart at the back of this policy.

With this system relevant staff can closely monitor behaviour around the college. The CTL/Head of Year's responsibility is to manage the students who are repeat offenders and where sanctions/ reviews at level 1 are not having a positive effect.

If all positive behaviour management strategies and/or sanctions, as appropriate, have been exhausted and have failed, behaviour management should still be pursued at this level, but should also be supported at Level 2.

Section 5

LEVEL 2

The emphasis at this level is on joint behaviour management with support from CTL /Head of Year/Student Support.

Principles of Good Practice (Level 2)

- Aim to challenge, act and apply sanctions in a defusing rather than confrontational style.

Reporting Level 2 Incidents

Report such incidents as soon as possible, to the appropriate person. If an incident is serious enough, or if people's safety is in jeopardy, it may be necessary to seek immediate assistance from a colleague and call for support from the CTL/Head of Year/Leadership Team member. Make one telephone call to the Hub, asking for assistance and giving the details and location of the incident briefly.

- When entering the MID Room, Removal Room, Stepback or RESET provisions (phone stored securely and returned at the end of the day)
- When borrowing uniform items such as a tie (phone stored securely and returned at the end of the day)

If a student does not have a mobile phone to hand in, they will be screened ("wanded") in accordance with Appendix 7 of the Behaviour Policy.

Appendix 5

Resource Provision Sanctions with Reasonable Adjustments

Students are placed in the Resource Provision (RP) because of their learning and emotional needs. As a result of these needs reasonable adjustments are made to the Behaviour Policy to account for the complex needs that the students are experiencing.

All behavioural incidents must be recorded on Arbor, as the students are having an adapted approach. There are adapted options for recording the incident. These are:

Resource Provision – Persistent Disruptive Behaviour;

Resource Provision – Refusal;

Resource Provision – Step Back (an isolation time out period).

Level 1

The Student Support Provision Manager is responsible for the day to day management of sanctions behaviour at Level 1.

When a student requires removal from the resource provision, the appropriate member of staff in the classroom will escort them to a quiet area for time out and an opportunity to reflect on their behaviours. A member of staff will carry out a Key Worker Intervention (see Key Worker Intervention Guide) and then support the return of the student to class. For repeated behaviour points, detentions will be used as a sanction.

Staff will monitor the students for their engagement with the support to modify and improve their behaviours and will keep the Student Support Provisions Manager informed so they can determine whether an escalation of sanctions to the removal room is deemed appropriate. Furthermore, the RP staff may request through the Student Support Provisions Manager time in isolation in Step Back where the level of disruption deems it appropriate.

Wherever there is behaviour points it is expected that there will be a coordinated approach between the RP staff and the PSA (Parent Support Advisor) to liaise with home for information sharing and support in improving a student's behaviours. Strategies agreed by the KWI (Key Worker Intervention) team must be shared with staff, students, and home.

Level 2

For one off serious incident and for repeated recorded incidents of behaviours, the resource provision staff will liaise with the Student Support Provisions Manager and Director of Student Support to arrange for an appropriate period of time (typically one period) of isolation in the Step Back provision. This can be escalated to increased time periods depending on the severity of the incident.

The student would still be taken to the KWB for a KWI before returning to class and the requirement for liaison would remain.

Level 3/4

If students sanctions are escalating, if they are a Minsthorpe student, will be referred to the Inclusion Team to consider if placement in the provision remains appropriate. If an LA RP student, meetings with parent/carers and professionals in college and potentially an early review to consider a change in placement can be necessary.

Serious Incident

In the case of repeated behaviours that are causing significant disruption or for a one off serious incident students will follow the processes as set out in the Minsthorpe Behaviour Policy must be followed.

All of the above procedures must be read in line with Minsthorpe Behaviour Policy.

Appendix 6 – Suspensions and Offsite Direction

The Principal's Power to Suspend

The Principal uses their power to suspend a student as an essential behaviour management tool to maintain a safe, calm and orderly environment at Minsthorpe Community College. DfE and local authority guidance are followed when issuing a suspension.

Parents/carers are informed in writing that their child is suspended. The letter includes a clear reason for the suspension, the length of the suspension and an invitation to attend a reintegration meeting to support the student's return to education following the suspension.

The supervision of students during suspensions.

Parents/carers have a duty to ensure that their child is not present in a public place in college hours during the first 5 college days of suspension, unless there is reasonable justification for this. Parents/carers may be prosecuted or receive a penalty notice from the local authority if their child is present in a public place on the specified dates without reasonable justification.

During the first 5 college days of a suspension the student should complete work set by the College on online platforms. Parents/carers should ensure that work set by the college is completed and returned to the College promptly for marking. If further work is required parents/carers should contact the College and arrange to collect it.

The Review of Suspensions

A panel of three Governors from the Standards and Students Disciplinary Sub-Committee is required to meet to consider all cases of students with:

- Any suspension lasting for 5 days or less if parents request Governors do so (no requirement for parents/carers to attend the review);
- Any suspension lasting for 5.5 days or more if parents request Governors do so (parents/carers to attend the review);
- A cumulative total of 15.5 days suspension or more per term (Governors required to meet within a maximum of 15 school days).
- All permanent exclusions.

The Principal's Power to Direct Offsite

In line with Section 29A of the Education Act 2002 and current Department for Education statutory guidance, the Principal may direct a student off-site for the purpose of receiving educational provision to improve behaviour. This power will only be used where it is lawful, reasonable, proportionate and in the best interests of the student and the wider school community. Off-site direction is not a sanction in itself, but a supportive and time-limited intervention designed to address underlying needs, prevent escalation and reduce the risk of suspension or permanent exclusion. It forms part of the school's graduated and inclusive response to behaviour and sits within our wider pastoral, SEND and safeguarding systems.

The decision to direct a student off-site will:

- Be made by, or with the explicit authority of, the Principal
- Be based on an individual assessment of circumstances, including any special educational needs and disabilities (SEND), safeguarding considerations, and the school's duties under the Equality Act 2010
- Be time limited and subject to regular review
- Set clear objectives and a reintegration plan focused on successful return

Off-site direction may be to another mainstream school or to an alternative provision provider. It may be used as an alternative to suspension or alongside a suspension where appropriate.

Where a student is directed off-site for more than five school days, a formal review meeting will be held with parents/carers to confirm progress and reintegration arrangements.

On occasion, off-site direction may act as a precursor to a permanent managed move. Managed moves are voluntary and will only proceed with the informed agreement of all parties, including parents/carers and the Headteacher of the receiving school. A managed move will follow a clear process, including review points and success criteria.

The school retains responsibility for the student's safeguarding, educational progress and quality of provision during any period of off-site direction. Parents/carers are responsible for ensuring the student's attendance at the named provision.

Our overarching aim is to secure positive long-term outcomes for students while maintaining high standards of behaviour and a safe, inclusive learning environment for all.

Appendix 7 - SEARCHING, SCREENING AND CONFISCATION

The College follows the most recent DfE Guidance Searching, Screening and Confiscation, July 2022.

<https://www.gov.uk/government/publications/searching-screening-and-confiscation>

Paragraph 3 of this guidance includes a list of prohibited items. In addition, Minsthorpe Community College prohibits the possession of vapes (and related items) and items which students are re-selling to others. The overriding principle is student and staff safety.

SCREENING

To avoid invasive searches, the College uses hand-held metal detectors (wands) to screen for banned items, including mobile phones. This screening is done with the permission of the student. If a student refuses to be screened, the parent/carer will be contacted. Refusal will be sanction in line with the Behaviour Policy.

SEARCHING

In the rare event that a search is deemed necessary, the following staff are authorised by the Principal to undertake a search include:

- Members of the Leadership Team
- Heads of Year
- Student Support Manager
- Designated Visit Leader
- Pastoral Manager
- Campus Supervisor
- Support for Achievement Team Members

All staff authorised to conduct a search undertake appropriate training.

When undertaking a search, the following guidelines must be followed in every case.

- The student is informed. If the student refuses, refer to the Assistant Principal (Behaviour and Attendance) or in their absence, the Principal.
- Two staff members must be present during the search.
- If the Safer School Partnership Officer is in College, they should support with the search.
- At least one member of staff must be the same gender of the student being searched.
- Students are not asked to remove clothing, other than outdoor clothing.
- Searches take place in an appropriate location which provides privacy but is not a confined space. This protects the safeguarding of the staff members and the student.

It is impossible to cover every scenario in a policy, but there are normally two scenarios where a search may be necessary:

1. Search of an individual student for a banned item.
2. Search of a class of students for a dangerous item which is 'lost' or 'missing' at the end of a lesson

1, Search of an individual student for a banned item

The above guidelines must be followed when conducting the search.

The search must be logged on CPOMS and the parent/carer informed, irrespective of the outcome. If appropriate, the parent/carer will be contacted before the search takes place.

2. Search of a class of students for a dangerous item which is 'lost' or 'missing' at the end of a lesson

It is reasonable to conduct a search of the students, prioritising those who are most likely to have the item. The above guidelines must be followed when conducting the search.

If the item is found in the possession of an individual student, the search must be logged on CPOMS for this student and their parent/carer must be informed. The incident will be sanctioned in line with the College's Behaviour Policy.

If the item is not located and it is possible that the safety of others is at risk, the relevant parents/carers must be informed.
