Careers Education, Information, Advice & Guidance (CEIAG)

Introduction

All students at Minsthorpe Community College have full and free access to Careers Education, Information, Advice & Guidance, regardless of race, gender, religion, ability, disability, or social background. It is our belief that effective CEIAG increases the motivation of students to raise their aspirations and attainments. Students have an entitlement (see below) to quality CEIAG. This policy aims to underpin such provision.

At Minsthorpe Community College we are committed to providing outstanding CEIAG for all students. The school values of "Motivation, Commitment and Care " underpin the work of the Careers office in preparing young people for the opportunities, responsibilities and experiences of life. A planned progressive programme of activities supports them in choosing pathways that suit their interests and abilities and help them to follow a career path and sustain employability throughout their working lives.

Aims

Careers Education & Guidance is an important element within the college's overall aims and objectives. Within a programme of broad and balanced education, it stimulates individual students to access skills, knowledge, and values essential in managing lifelong learning and career development and aims to ensure that all students progress into a positive destination. It enables students to:

- Develop a knowledge of themselves, strengths, weaknesses, personal qualities and have a balanced view of their potential.
- Investigate education, training and career opportunities in learning and work.
- Make informed choices regarding the above.
- Develop their independence and sense of responsibility.
- Prepare for the responsibilities of adulthood.
- To encourage participation in continued learning including higher education and further education (including apprenticeship opportunities).

All of which is delivered within the guidance of the Gatsby Benchmarks and National Careers Quality Standards.

Section 2

Student Entitlement

The Minsthorpe offer

Minsthorpe Community College aims to provide ALL students with a comprehensive CEIAG Programme.

Careers Education consists of explicit lessons through L4L, supporting you to develop skills, knowledge and understanding how to manage your own learning and career development. College will provide a learning environment where the importance of CEIAG is referenced across all curriculum areas. Students receive guidance interviews at key stages throughout their education, through 1-1 interventions and group work, this support is carried out by the careers lead and external agencies. Through careers education, information, advice, and guidance, you will be able to feel positive about yourself, improve your motivation and raise your aspirations, taking responsibility for your career pathways.

We will support you to:

- Investigate opportunities in learning and work, such as technical education qualifications and apprenticeships opportunities.
- Hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through careers events, assemblies, external provider presentations and taster events.
- Identify skills you have and skills you may need to support your future.
- Broaden your aspirations and encourage you to reach your full potential.
- Value inclusion, challenge gender stereotyping and promote equality of opportunity.
- Make well informed and realistic decisions on your progression pathway.
- Provide up to date, Careers education, information advice and guidance.
- Complete a CV and get feedback from business professionals.
- Have an awareness of enterprise.

What Minsthorpe Community College can provide:

- Guidance to help you identify your career goals.
- Continued CEIAG exploration and self-development delivered through L4L.
- Careers Information relating to specific industries.
- Support in applying to College, Apprenticeship and University.
- Student finance guidance.
- Access to a comprehensive career's library through "My Future" which can be found on student SharePoint.
- Access to progression pathways through the events such as the careers fair.
- 1-1 impartial, confidential Careers Guidance from a qualified Level 6 careers guidance expert.
- Access to The National Careers Service & National Apprenticeship Service.

For students at compulsory school age these encounters are mandatory and there will be a minimum of two encounters for students during the 'first key phase' (Year 8 to 9) and two encounters for students during the 'second key phase' (Year 10 to 11). For students in the 'third key phase' (Year 12 to 13), particularly those that have not yet decided on their next steps, there are two more provider encounters available during this period, which are optional for students to attend. We are committed to providing meaningful encounters to all our students using the [Making it meaningful checklist](#).

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- Share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers.
- Explain what career routes those options could lead to.
- Provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and students from the provider).
- Answer questions from students.

Special Educational Needs

Careers Education & Guidance will support the college's policy by:

- Providing additional support for students with learning difficulties.
- Providing a range of resources appropriate to the individual.
- Seeking the support of a specialist special needs careers officer, where the facility is necessary.
- Providing individualised transition support where appropriate.

Equal Opportunities

Careers Education & Guidance will assist in promoting the college's policy on equal opportunities by:

- Providing a range of resources which match individual need.
- Helping students to recognise and challenge stereotyping in social situations.
- Supporting students who wish to pursue a non-stereotypical career.
- Encouraging students to follow career paths that suit their interests, skills, and strengths with the absence of stereotypes.
- Producing individual action plans to support all students with their next steps. Support will always be available from P&A mentors, subject teachers, careers staff within the college and our Careers Leader.

Teaching & Learning

A variety of teaching and learning styles will operate. These will be opportunities for individual research, pair or group activities, role play, videos, and external speakers. Differentiation will be provided partially through the variety of resources used and tasks provided, but also through support to individuals by the teacher, TAs, and peers.

Staff Development

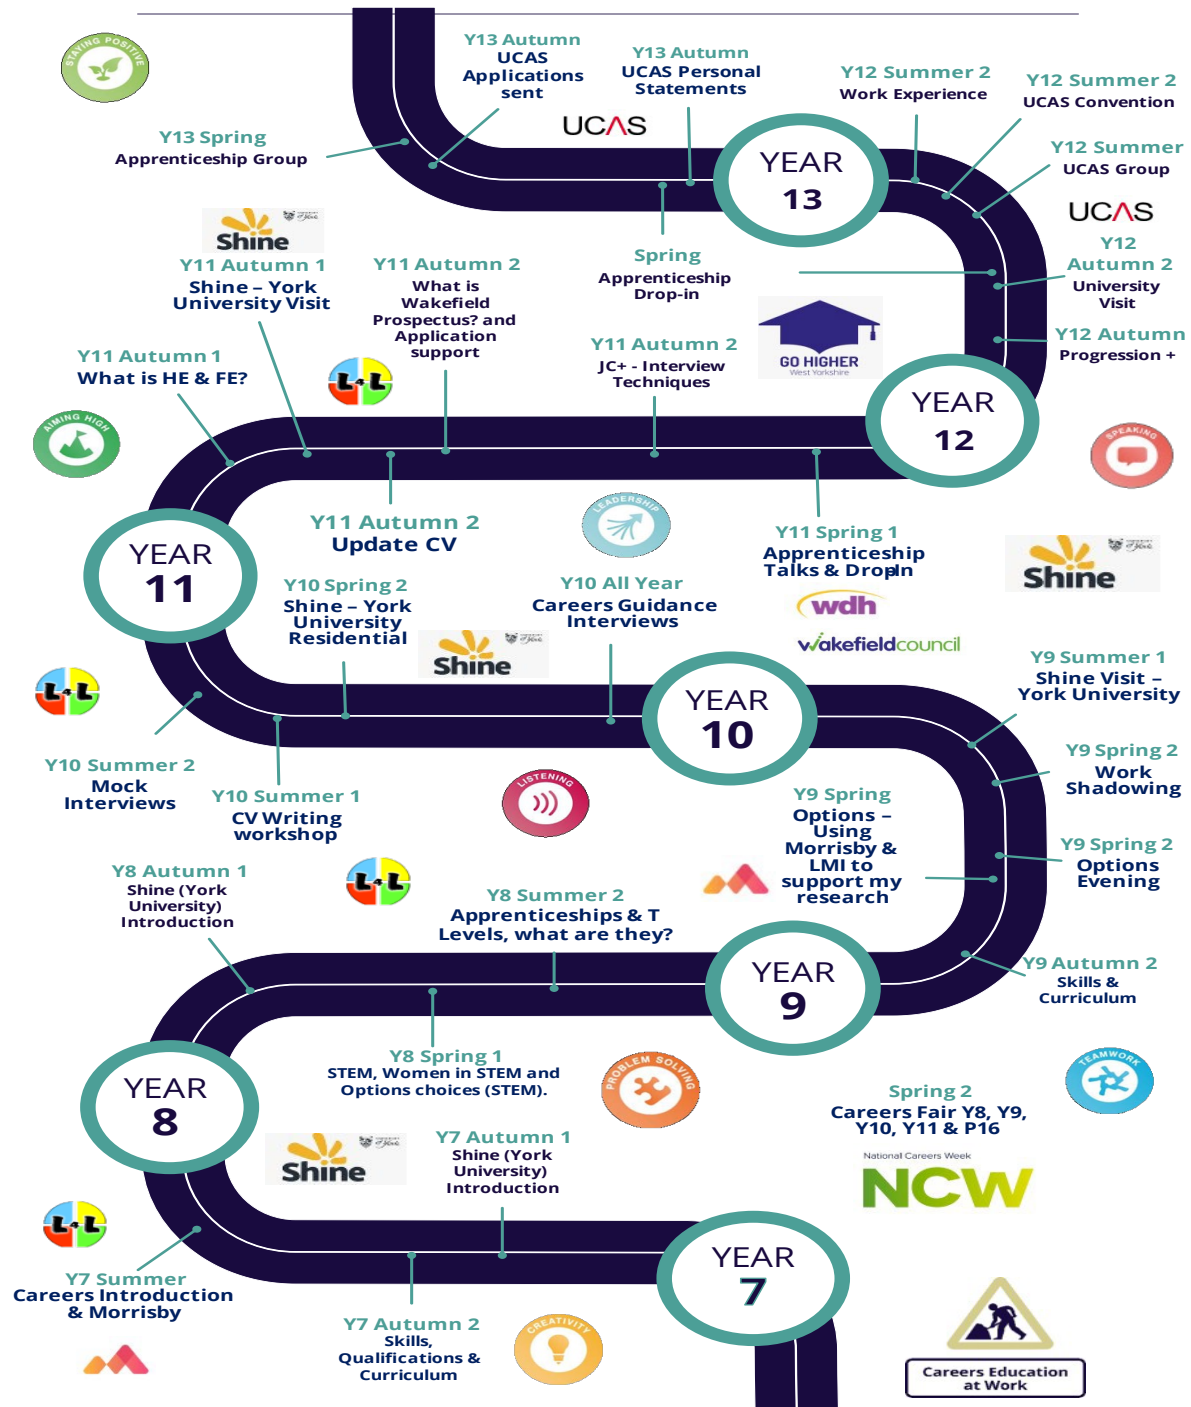

Staff CPD is offered to the relevant staff as opportunities arise. Key staff also attend local career meetings to share good practice with other secondary schools, colleges, and careers professionals/providers.

Resources

Regularly updated resources in the Careers office/area include a range of written leaflets, brochures, and booklets. Students have access to a wealth of careers information on the school intranet site, including Morrisby, Skills Builder, National Careers Service, National Apprenticeship Service and many more careers information and apprenticeship websites to support their informed decision making. Taught lessons make full use of recently purchased materials. The Careers Lead's office doubles as an interview room.
